

Summary/Action Items/Final Discussion

- Bruce Wielicki: Get better!! CERES needs you.
- Fall 2008 CERES STM: Will be held jointly with GERB science team meeting at NASA GISS in New York City:
 - CERES: Monday, Oct 27 through noon Wednesday, Oct 29.
 - GERB : 1 pm Wednesday Oct 29 - Friday, Oct 31.
- Transition from GEOS-4 to G5: No show-stoppers. Proceed with G5.
- Release CERES adjusted SRBAVG_GEO_Ed2 dataset (for net TOA flux imbalance). Need to make dataset “CF Compliant” for modelers. Data Quality Summary.
- Need to resolve MTSAT problem (TISA) to process SRBAVG beyond Oct 2005.
- Instrument to deliver gains and unfiltering coefficients for 2007 processing.
- Need to resolve toolkit issues (DMT/ASDC).
- SYN/AVG/ZAVG to become “Edition” by end of year?
- NPP/Transition off SGIs/Edition3 improvements.
- Prepare for Aqua End-of-Prime Mission Review; Terra & Aqua Senior Reviews.
- Publications: Algorithm+Validation papers (Clouds, SARB, TISA).
 - Response to recent papers on climate sensitivity -Wielicki
